Senior Living Community & In-Home Care Referrals

Senior Living Experts

At Senior Living Experts, I help seniors and their families find senior living options. Specifically, I refer Independent Living, Assisted Living, Memory Care, Supportive Living, and In-home Care options. I do not work with skilled nursing Medicaid. However, if someone calls with this need, I certainly will provide them with resources on where to turn next. I will accompany my clients on the tours of communities to ensure all of the right questions are being asked, and that they're comfortable with the process. I am familiar with hundreds of senior living communities therefore I am able to speak to the environment, services, amenities, level of care, and overall quality. My referrals to my clients are based off of their budget, their desired location, and if there is a specific diagnosis we are working with, ensuring that the community provides the correct level of care. If a senior needs a short-term respite in assisted living, after a hospital stay, I can provide options for communities that provide a hospital to home program.

Service Area: Chicagoland Area, city and surrounding suburbs

Payment: There is no charge to the senior. Senior Living Experts is paid by senior living providers.
